Attendance Policy:

Instructors will create an attendance policy that is consistent with the “Class Attendance” policies stated below in the *SPC General Catalog*:

[Students are expected to attend all classes in order to be successful in a course. The student may be administratively withdrawn from the course when absences become excessive as defined in the course syllabus.

When an unavoidable reason for class absence arises, such as illness, an official trip authorized by the college or an official activity, the instructor may permit the student to make up work missed. It is the student’s responsibility to complete work missed within a reasonable period of time as determined by the instructor. Students are officially enrolled in all courses for which they pay tuition and fees at the time of registration. Should a student, for any reason, delay in reporting to a class after official enrollment, absences will be attributed to the student from the first-class meeting.

Students who enroll in a course but have “Never Attended” by the official census date, as reported by the faculty member, will be administratively dropped by the Office of Admissions and Records. A student who does not meet the attendance requirements of a class as stated in the course syllabus and does not officially withdraw from that course by the official census date of the semester, may be administratively withdrawn from that course and receive a grade of “X” or “F” as determined by the instructor. Instructors are responsible for clearly stating their administrative drop policy in the course syllabus, and it is the student’s responsibility to be aware of that policy.

It is the student’s responsibility to verify administrative drops for excessive absences through MySPC using his or her student online account. If it is determined that a student is awarded financial aid for a class or classes in which the student never attended or participated, the financial aid award will be adjusted in accordance with the classes in which the student did attend/participate, and the student will owe any balance resulting from the adjustment.]

A student who stops attending AND stops completing assignments, must take the responsibility of contacting the Registrar’s Office to drop the class.

I do not drop students for non-attendance. It is your responsibility to initiate the drop process if you decide not to complete the course. Students who stop attending and do not complete the coursework will receive an F at the end of the semester.

PLEASE NOTE: The last day to drop this course is Thursday, April 25th, 2024

Be advised – I do not accept late work for any reason.

Student will be counted absent for an entire class period (after 1 warning) for the following:

B. Professional Behavior:

This classroom is a PROFESSIONAL environment, and I treat it as such. Business students in particular must understand how to conduct themselves in a professional environment. I expect exceptional behavior from ALL of my students! I consider this course to be your job – and I expect behavior to reflect that – if you are late to your job, or turn in work late in the real world, you would be terminated from that job/career – I take on the same assumptions in this course. Please be mindful of the attendance policy, and the “NO LATE WORK ACCEPTED” policy, as I do NOT make ANY exceptions to these rules!

- C. Assignment Policy: Students are responsible for all class work and notes covered during absences from class with no exceptions. Students are also responsible to be adequately prepared before each class—all reading assignments, cases, etc. If absent, student should contact immediately another student in the class and/or the instructor to receive notes and assignments.

D. Grading Policy/Procedure and/or methods of course evaluation:

1. **Chapter Exams (30%):** There will be four major chapter exams plus the comprehensive final exam. Each exam will cover both lecture and textbook assignments. Students are responsible for all textbook material assigned and to be prepared to be tested over this material whether or not it is specifically covered during class. The major exams will be announced in advance. **NO MAKE-UP EXAMS WILL BE GIVEN.**
The final exam will be comprehensive and will either replace the lowest score of the major exams (even if the final exam score is lower) or replace one missed major exam. A student may be exempt from taking the final exam if no exams have been missed and the student has an “A” average in December. If the student is not exempt from the final and does not take the final exam, the student’s final average will be lowered one letter grade.
2. **‘Business’ Homework Assignments, Current Event Topics, Quizzes etc. (45%):** Assignments will include the following (varying with the chapters): study guides, chapter outlines, questions and cases, team work etc. Due dates for these will be given with each assignment. Most homework will be completed in Mind Tap—instructions for this will be detailed in the first week of class. In class quizzes may be given (there will be no make-up on these). **NO MAKE-UP/LATE WORK WILL BE ACCEPTED.** If a student misses a daily grade, he/she will be given the grade of a zero; however, one daily grade will be dropped at the end of the semester allowing for an absence. The only exception is available to students in sponsored SPC athletics or activities. I must have a note from your coach or sponsor!
