Course Requirements:

Attendance:

Student is required to attend for the entire class period, every class. Students are expected to comply with the attendance policy.

Three **(3)** unexcused absences are permitted (use them wisely), after that each absence could result in the reduction of your final grade by one letter grade. Five **(5)** unexcused absences could result in student being dropped from the course. Sleeping in class can be regarded as an absence.

Tardiness to class is disruptive and not conducive to class discussions and will be taken into consideration for final grading. Repeat tardiness or leaving early will apply to absences.

Students are responsible for learning the material covered in class on the day the student is absent. To get this information, you will need to communicate with classmates and ask to copy notes. Late projects may be turned in at the following class and will automatically receive **one letter grade** drop for each class it is late.

I will take attendance at the beginning of each class. If you arrive late, you will need to speak to me on the way out of class to make sure you are counted present.

Participation:

Students are required/expected to participate in class discussions, exercises and field activities. This class will only be successful depending on your preparation and participation.

Preparation:

Students should come to class prepared, having read the assigned material and watched the assigned video lecture, if applicable. The students are expected to take notes on all materials presented in class. Students are responsible for chapter content in the book not covered during the lecture.

Tests:

All quizzes and tests will be multiple choice and will be taken online. There will be 14 quizzes, spread throughout the semester, testing students' comprehension and retention of readings and classroom lectures and discussions. I will drop your lowest quiz grade from your final average. In addition, there will be a Midterm and Final Exam, which will be comprehensive and will cover my in-class lectures.

Make-up quizzes are only considered in cases where a student provides a clear, documented excuse for not being able to take the quiz. Keep in mind, this would have to be an extreme circumstance, given that you have plenty of time to complete the online quizzes.

Discussions and Assignments:

You will complete 2 discussions and 2 written assignments this semester. You can expect a mix of creative projects and writing/research essays.

Class Etiquette:

Silence and put away cell phones before class begins. Disregard of this will be considered an “absence” from class and will be marked on attendance accordingly.

Information, images, and discussion topics may deal with subject matter uncomfortable or offensive to some students. Discussions require a calm and open-minded dialogue to consider different points of view. Civility and respect is required at all times.

Academic Honesty:

The faculty is strongly committed to upholding standards of academic integrity. These standards, at the minimum, require that students never present the work of others as their own. WARNING – Cheating or plagiarism will result in the student receiving a 0 on the assignment for the first offense, second offence you will be dropped from the class.
