**Course Description:**

This course is designed to enhance personal health and wellness. Physical and personal health assessments, online lectures, and PowerPoint presentations will provide students with the necessary tools to take responsibility and make drastic improvements to their long-term personal health.

**Student Expectations:**

South Plains College's courses and programs are based on interactive teaching, learning, and communication. Faculty and students actively contribute to one another's learning through critical dialogue, integrative learning, and collaborative learning. To take full advantage of the experiences and resources South Plains College offers, students are expected to manage and direct their academic progress with support and guidance from faculty. To acquire knowledge and build skills, students are expected to:

- Read and become familiar with the course syllabus and expectations.
- Keep up with assignments and readings.
- Ask for clarifications about material or course expectations.
- Analyze assigned readings and offer thoughtful interpretations.
- Read discussion board postings and contribute postings that add to and advance the quality of the discussion.
- Be respectful of diverse perspectives and avoid inappropriate comments in discussions and personal interactions.

**Blackboard:**

The computer software used to deliver this course will be on Blackboard. You must have reliable access to the Internet, Microsoft Word, PowerPoint, Excel, etc. It is the student's responsibility to verify that assignments and assessments are accessible. You may move ahead at your own pace, but you will have deadlines for turning in assignments.

*If you wait until a few hours before assignments are due and have technical difficulties, they may not be corrected in time to get credit for the assignment. Have a backup plan in place should you encounter computer problems. There are open computer labs available to all enrolled SPC students on all campuses.*

**All assignments are due by MIDNIGHT 11:59 PM on the due dates listed!**

It is also the student's responsibility to have the required computer skills to complete this course. You must be able to download and attach files, watch videos, etc. Should you encounter technical difficulties contact the SPC technical support at (806) 716-2180 or email blackboard@southplainscollege.edu. Be sure to include course and section number information when contacting technical support. If you are not a self-motivated student, online classes are most likely not for you!

## Course Evaluation:

- 1) **Four Exams** each worth 100 points (400 points total). Each exam will consist of multiple-choice, true and false, and short-answer questions. The dates of the exams and the material covered on each exam are listed on the Course Calendar. Exams will be available for 3 days to allow you time to take them, but you will only be able to take each test 1 time. Once you log on to the test you will have a specific amount of time to complete the exam. Do not leave the exam screen once you begin. You will not be able to leave the exam and return to it later. Once you enter the exam you must finish! You may use your notes, lecture videos, and/or PowerPoints, but be aware of the time limit. Also, your exams will not be memorizing terms and theories but more concept-oriented. Study examples and situations mentioned in the text and PowerPoint presentations.
- 2) **Lecture Videos** will assess your comprehension of each chapter through a variety of question formats, including multiple-choice, True/False, and short answers. These videos, hosted on EdPuzzle, will prompt you with questions throughout the lecture to ensure your grasp of the core concepts.
- 3) **Homework Assignments** will be completed over the semester (100 points total). These assignments can be found under Course Content listed by their due date.
- 4) **Activities/Labs** will be assigned each week so be sure to review the instructions for each assignment and note the due dates. Assignments submitted after the due date will not be graded and will receive a score of 0. These assignments carry significant weight in your overall grade, so it's important not to overlook them. Provide comprehensive responses to each question, demonstrating critical thinking and originality in your answers. Avoid direct copying from course materials; instead, express concepts in your own words. The primary aim of the discussion component is to foster conversation around course content. While a conversational tone is acceptable, maintain proper grammar and spelling, and refrain from using informal language. Remember, the focus is on the quality of your contributions rather than simply providing correct answers.

## Final Grades:

- 4 Examinations @ 100 points each: 400 points
  - Quizzes: 280 points
  - 2 Homework assignments @ 50 points each: 100 points
  - DB activities and labs: 220 points
- Total: 1000 points**

<u>Final Grade</u>	<u>Point Percentage</u>	<u>Point Total</u>
A	90-100%	900 - 1000
B	80-89%	800 - 899
C	70-79%	700 - 799
D	60-69%	600 - 699
F	Below 60%	Below 599

\*\* I expect you to read the chapters assigned. This exposes you to the material, promotes discussion, and makes it easier for you to understand the PowerPoint slides and take good notes. You are expected to participate in class discussions using the Discussion Board (DB) Link, and it will be very obvious if you have not read the material! Plan, and do not wait until the last minute to submit your assignments. Excuses for late work, such as "The network was down," or "I could not figure out how to post or send the assignment" are not acceptable. It is always okay to turn in assignments early although DB postings should be done within the calendar schedule. If you do post early, make sure you return to that assignment to read and respond to others.

\*\*\* All written assignments should be presented using the conventions of Standard Written English. South Plains College requires all students to become proficient in "academic English," a form of English that is typically used in academic, professional, and business contexts. While slang, regional idioms, and informal kinds of self-expression are appropriate in some contexts, they are out of place in academic writing. Writing instructors and professors in courses across the campus expect all students to demonstrate proficiency in using the conventions of

### **Academic Integrity:**

Students are expected to maintain complete honesty and integrity in their experiences in the course. Please read and understand the SPC policy regarding academic integrity and honesty found in the SPC General Catalog. If a student violates this policy (e.g., is caught cheating or plagiarizing), he or she will receive an F and administrative withdrawal. See Common Course Syllabus for more details. \*\*\* Remember: You will get out of this class what you put into it!!\*\*\*

### **Academic Integrity:**

**Plagiarism and Cheating:** Students are expected to do their work on all projects, quizzes, assignments, examinations, and papers. Failure to comply with this policy will result in an F for the assignment and can result in an F for the course if circumstances warrant.

Plagiarism violations include, but are not limited to, the following:

- Turning in a paper that has been purchased, borrowed, or downloaded from another student, an online term paper site, or a mail-order term paper mill;
- Cutting and pasting together information from books, articles, other papers, or online sites without providing proper documentation;
- Using direct quotations (three or more words) from a source without showing them to be direct quotations and citing them
- Missing in-text citations; or
- ***Copying and pasting from a website or other sources except from the textbook or PowerPoint.***

Cheating violations include, but are not limited to, the following:

- Obtaining an examination by stealing or collusion;
- Discovering the content of an examination before it is given;
- Using an unauthorized source of information (notes, textbook, text messaging, internet, apps) during an examination, quiz, or homework assignment;
- Entering an office or building to obtain an unfair advantage;
- Taking an examination for another;
- Altering grade records;
- Copying another's work during an examination or on a homework assignment;
- Rewriting another student's work in Peer Editing so that the writing is no longer the original student's;
- Taking pictures of a test, test answers, or someone else's paper.

### **Student Code of Conduct Policy:**

Any successful learning experience requires mutual respect on the part of the student and the instructor. Neither the instructor nor the student should be subject to others' behavior that is rude, disruptive, intimidating, aggressive, or demeaning. Student conduct that disrupts the learning process or is deemed disrespectful or threatening shall not be tolerated and may lead to disciplinary action and/or removal from class. Course/Instructor Evaluation: You will be allowed to evaluate this course and its instructor frequently. I will actively solicit your written feedback, be it positive or negative, throughout this semester, and I will use it to make needed changes regarding the course content, delivery, and evaluative procedures. You will also complete a more comprehensive evaluation at the time of the final examination
