South Plains College

MATH 1342 – Statistical Methods

$\begin{cases} \textit{Section 003, T R} \quad 11-12:15 \textit{ pm} \\ \textit{Section 004, T R} \quad 2:30-3:45 \textit{ pm} \end{cases}$ $\begin{cases} \textbf{Math Bldg., Rm. 105} \\ \textbf{Math Bldg., Rm. AG103} \end{cases}$

Instructor: Miss S. Davis
Office: 103 MATH Bldg. (Levelland)
Phone: (806) 716 – 2699
E-mail address: sdavis@SouthPlainsCollege.edu

Text: A Brief Version – Elementary Statistics: A Step by Step Approach, 7th edition, Allan Bluman, McGraw Hill. (ISBN: 978-1-259-29473-0)

Supplies: Scientific calculator (preferably a TI-84 or TI-83), a ruler, *(at least a 3 in ring) notebook,* hole puncher, stapler, a staple puller, & a red pen/pencil. (**Bring your supplies to class everyday!**)

Office Hours:

Monday	Tuesday	Wednesday	Thursday	Friday
	9:30 – 11a *1:30 – 2:30p*		*9:30 – 11a* *1:30 – 2:30p*	*9 – 12 p* *(Mfg/ET, Rm. 101)*
		or by appointment		

At the times with this designation, I will be in my office to help you. You **do not** need an appointment to come see me at these times. When you come, I will be doing something else, but I will stop and help you. I am available at other times, but please give me a courteous call before coming to make sure I am there.

Purpose: To provide a transferable course and the mathematical background necessary for Mathematic & Engineer majors and students in the medical and physical sciences.

Prerequisites: Successful completion of MATH 1314 and strong algebraic skills.

Attendance: Attendance and effort are the most important activities for success in this course. Records of your attendance are maintained throughout the semester. *If your lack of attendance (i.e., excessive absences) is determined by the instructor to put you at risk of failing the course, you may be dropped from the class with a F as a final grade.* Excessive absences consist of 4 consecutive or cumulative days. Sleeping in class constitutes an absence. If you unfortunately happen to incur an absence, please contact the instructor either by phone or email and refer to the website to get the assignment before the next class. Please read the "Drops and Withdrawals" policies in the current South Plains College catalog.

Assignment Policy: Homework will be given daily. Although the homework assignments will not be graded, *the practice is required in order to more fully understand each topic and to successfully negotiate the quizzes and the tests.* Questions over the homework problems will be discussed at the beginning of each class meeting if time permits.

Notebook: Homework, quizzes, tests, and other useful material should be kept in a notebook in which the notebook will be used as a reference and study guide. The notebook will be brought to class everyday! The following material will be placed in the notebook in the order listed:

1. Cover sheet including Name, Class, and Semester
2. Syllabus
3. Assignment sheet
4. Notes
5. Work
6. Quizzes
7. Tests
8. Miscellaneous

To print additional material for your notebook, please visit my **Blackboard**. All printed material needs to be read at least once during the term of this course.

Grading Policy: There will be random quizzes given over the assigned homework in which no make-ups will be allowed. The total number of quizzes for the semester is unpredictable but only a portion will count as the quiz grade. Make-up quizzes will NOT be given. There will be four tests (final exam inclusive). The final exam will be comprehensive. The final exam can replace your lowest non-zero test grade provided that it is greater than the lowest non-zero test grade (the exception is the Honest Effort Rule (**H.E.R.**) policy).

Make-up Policy: There is no automatic provision for making up exams. Only under extreme circumstances (e.g., death in the family or hospitalization) will make-up exams be given, and these circumstances must be documented. If at all possible, the instructor should be notified prior to missing an exam. If you happen to miss an exam, a grade of **0** will be administered, and under the **H.E.R.** (Honest Effort Rule), this missed exam of grade **0** will not be replaced by the final exam even if the final exam is greater.

Grading Scale:

$$Avg = \frac{Quiz\ Avg + Test\ 1 + Test\ 2 + Test\ 3 + Final}{5}$$

A:	90 and above	D: 60 – 69
B:	80 - 89	F: 59 or below
C:	70 - 79	

Borderline Grades: These grades will be evaluated with regard to attendance and mature conduct in class.

Critical Dates:

Sept 3	Labor Day	*Nov 12*	WEB Pre-registration for Spring 2019	
Oct 12	FALL Break		**Final Exam**	
Nov 15	Last day to drop	*Dec*	**003** *(10:15 – 12:15 p, Tuesday)*	
Nov 21 - 23	Thanksgiving	*Dec*	**004** *(1 – 3 p, Tuesday)*	

Study You should normally spend approximately 3 hours outside of class in study for each hour of lecture. Try to study the assigned lesson as soon after the class meets as is possible. Refer to the "How to Study" sheet for further detailed studying suggestions.

Tutoring: Free tutoring is available in the room 116 of the Mathematics-Engineering Building. For times and tutor names, please refer to posted tutor schedules in the math building or visit my website.

Videotapes: Videos for many of the review topics in this course are available online by the SPC Math. Department through Blackboard. The web address is as follows (http://southplainscollege.blackboard.com). For username and password, please use *mvideos*.

Blackboard: A wealth of information is provided to you about this class on **Blackboard**. Syllabus (updated), homework assignments, previous semester student evaluations, etc. Visit the Statistics Blackboard page and peruse through it to become familiar with all the items.

Student Responsibilities:
- Attend class and be aware of announcements made in class.
- Work homework problems early enough to seek help if needed.
- Read and know the attendance policy.
- **** Please, *turn off cell phones and pagers during class!* ****
  - **If the instructor determines that activation of a cell phone, pager, PDA, Ipod, laptop, or any electronic device interrupts the lecture or classroom discussion or impedes the progress of any student then the instructor may ask the student to leave the class temporarily or permanently.**
- **No technologic devices such as cell phones, PDA's, etc. are to be used during tests or in-class quizzes.**
- **Do not dress for the beach.**
- **In addition to the No Food or Drink classroom policy, no tobacco products are to be consumed in class.**
- **You will obtain your final grade for the class through TexanConnect/MySPC and MyColleague.**

Cell Phone Policy: All students will, during each class period and for its duration, place and keep their cell phone, provided that they are at the present time in possession of said device, face-down in the right-hand corner and on the top surface of their desk. If a student's cell phone activates and/or the student engages in text messaging during class at anytime during the semester, the student, by the instructor's discretion, could be permanently dismissed from the class for the remainder of the semester. If a student's cell is activated during class and/or the student engages in text messaging determined by the instructor, and **the student chose not to place their phone on top of their desk as mentioned above** then the student will be dismissed from the class by the instructor permanently.

Academic Misconduct: Complete honesty is required from students in all facets of course work including homework assignments, tests, and the final exam. See the South Plains College Catalog for more detail.

Sanctions for Cheating or Plagiarizing: A grade of "F" in the course will be assigned to any student caught cheating or plagiarizing; additional sanctions may also be considered. Students are responsible for understanding the meanings of the words cheating and plagiarizing

Questions: I invite all your questions **except** the following:
1. I wasn't able to make it to class. Did I miss anything? (Yes.)
2. Is this going to be on the test? (Perhaps, not directly, but if the ideas were not important, I would not be discussing them in class.)
3. Do you have the test graded? (I normally have the tests graded by the next class day. However, there are times that I do not have them graded but I will have them graded as soon as I can.)

Course Objectives: Upon completion of this course and obtaining a passing grade, the student will have mastered at least 70% of the course objectives. The course objectives state that the student will be able to:

1. Recall from memory the meaning of the six trigonometric functions.
   - Hence, compute the values of the six trigonometric functions for key angles in all quadrants of the unit circle measured in both degrees and radian.
2. Be able to graph the six basic trigonometric functions and also variations and transformations of these functions.
3. Recall from memory numerous trigonometric, single and multi-angle identities and be able to use these identities to rearrange and manipulate trigonometric expressions.
   - Hence, prove trigonometric identities.
4. Be able to solve trigonometric equations giving the solutions both in degrees and radians.
5. Be able to solve right and oblique triangles.
6. Recall from memory the meaning of the six inverse trigonometric functions and their respective ranges.
7. Be able to find the solution the practical problems (applications) by making use of the expertise mentioned in objective 1 – 6.

Diversity Statement: In this class, the teacher will establish and support an environment that values and nurtures individual and group differences and encourages engagement and interaction. Understanding and respecting multiple experiences and perspectives will serve to challenge and stimulate all of us to learn about others, about the larger world and about ourselves. By promoting diversity and intellectual exchange, we will not only mirror society as it is, but also model society as it should and can be.

Disability Statement: Students with disabilities, including but not limited to physical, psychiatric or learning disabilities, who wish to request accommodations in this class should notify the Special Services Office early in the semester so that the appropriate arrangements may be made. In accordance with federal law, a student requesting accommodations must provide acceptable documentation of his/her disability to the Special Services Coordinator. For more information, call or visit the Special Services Office in the Student Services Building, 894-9611 ext. 2529.

Non-Discrimination Statement: South Plains College does not discriminate on the basis of race, color, national origin, sex, disability or age in its programs and activities. The following person has been designated to handle inquiries regarding the non-discrimination policies: Vice President for Student Affairs, South Plains College, 1401 College Avenue, Box 5, Levelland, TX 79336. Phone number 806-716-2360.

Sexual Misconduct: It is important for you to know that all faculty members are mandated reporters of any incidents of sexual misconduct. That means that I cannot keep information about sexual misconduct confidential if you share that information with me. Dr. Lynne Cleavinger, the Director of Health & Wellness, can advise you confidentially as can any counselor in the Health & Wellness Center. They can also help you access other resources on campus and in the local community. You can reach Dr. Cleavinger at 716-2563 or lcleavinger@southplainscollege.edu or go by the Health and Wellness Center. You can schedule an appointment with a counselor by calling 716-2529.

Title IX Pregnancy Accommodations Statement: If you are pregnant, or have given birth within six months, Under Title IX you have a right to reasonable accommodations to help continue your education. To activate accommodations, you must submit a Title IX pregnancy accommodations request, along with specific medical documentation, to the Director of Health and Wellness. Once approved, notification will be sent to the student and instructors. It is the student's responsibility to work with the instructor to arrange accommodations. Contact Chris Straface, Director of Health and Wellness at 806-716-2362 or email cstraface@southplainscollege.edu for assistance.

Campus Concealed Carry: Campus Concealed Carry - Texas Senate Bill - 11 (Government Code 411.2031, et al.) authorizes the carrying of a concealed handgun in South Plains College buildings only by persons who have been issued and are in possession of a Texas License to Carry a Handgun. Qualified law enforcement officers or those who are otherwise authorized to carry a concealed handgun in the State of Texas are also permitted to do so. Pursuant to Penal Code (PC) 46.035 and South Plains College policy, license holders may not carry a concealed handgun in restricted locations. For a list of locations, please refer to the SPC policy at:
(http://www.southplainscollege.edu/human_resources/policy_procedure/hhc.php)
Pursuant to PC 46.035, the open carrying of handguns is prohibited on all South Plains College campuses. Report violations to the College Police Department at 806-716-2396 or 9-1-1.

Week	Date	Topics and Sections Covered
1	8/28, Tues	**Introduction,** Misc. Chapter 1: The Nature (Definitions)
	8/30, Thurs	Chapter 1: The Nature (Definitions) contd. 2.1 Organizing Data
2	9/4, Tues	2.2 Histograms, Frequency Polygons, & Ogives
	9/6, Thurs	2.3 Other Types of Graphs 2.4 Paired Data & Scatter Plots
3	9/11, Tues	3.1 Measures of Central Tendency 3.2 Measures of Variation
	9/13, Thurs	3.3 Measures of Position 3.4 Exploratory Data Analysis
4	9/18, Tues	10.1 Correlation 10.2 Regression 10.3 Coefficient of Determination & Standard Error of the Estimate
	9/20, Thurs	*4.1 Sample Spaces & Probability* *4.2 Addition Rules for Probability*
5	9/25, Tues	**Test 1 (Ch 1, 2. 3, & 10)**
	9/27, Tues	4.3 Multiplication Rules & Conditional Probability
6	10/2, Tues	4.3 **Contd.** Multiplication Rules & Conditional Probability
	10/4, Thurs	4.4 Counting Rules 4.5 Probability & Counting Rules
7	10/9, Tues	5.1 Probability Distributions 5.2 Mean, Variance, Standard Deviation, & Expectation
	10/11, Thurs	5.2 **Contd.** Mean, Variance, Standard Deviation, & Expectation
8	10/16, Tues	5.3 Binomial Distribution
	10/18, Thurs	*6.1 Normal Distributions* *6.2 Applications of Normal Distributions*
9	10/23, Tues	**Test 2 (Ch 4 & 5)**
	10/25, Thurs	6.2 **Contd.** Applications of Normal Distributions 6.3 Central Limit Theorem
10	10/30, Tues	7.1 Confidence Intervals for the Mean when sigma is Known (Z-test)
	11/1, Thurs	7.2 Confidence Intervals for the Mean when sigma is Unknown (T-test)
11	11/6, Tues	7.3 Confidence Intervals & Samples Size for Proportions
	11/8, Thurs	*8.1 Steps in Hypothesis Testing – Traditional Method*
12	11/13, Tues	**Test 3 (Ch 6 & 7)**
	11/15, Thurs	8.2 z –Test for a Mean
13	11/20, Tues	8.3 t –Test for a Mean
	11/22, Thurs	***Thanksgiving***
14	11/27, Tues	8.4 z – Test for Proportion
	11/29, Thurs	9.1 Testing the Difference Between Two Means – Using the z – Test
15	12/4, Tues	9.2 Testing the Difference Between Two Means of Independent Samples – Using the t –Test
	12/6, Thurs	9.3 Testing the Difference Between Two Means of Dependent Samples 9.4 Testing the Difference Between Proportions
Final(s)	**12/11**	**Section 003** — **Tuesday, 10:15 – 12:15p** **Section 004** — **Tuesday, 1 – 3p**
